BENTALLS

Feedcenter Package Deal

You supply concrete base, electricity, wiring and labour... We do the rest!

Your own feed factory all under one roof—under your own control—completely flexible to meet your needs to mill, mix and cube your own feed. Constructed in the unique BENTALL square galvanised steel panels that give added strength to cope with all conditions. Operation completely automatic up to final meal delivery bin. Capacity up to 5 tons per hour.

Bentall offer free advisory and technical services on all installations in any country. Take the initiative by posting the coupon immediately.

Bacteria-free cassava . . . 115
Bangledesh, prospects for . . 212

SUBSCRIPTIONS 1975

Subscriptions for 1975 are now payable. Remittances should be sent to:

World Crops
9 Botolph Alley
London EC3R 8DR, UK

Cheques should be made out to World Crops.

Please note when making renewals our rate is now £6·00 ($15·00) per year or £15·00 ($37·50) for three years. The increase is our first since 1963 and was approved by the UK Price Commission in April. Payment equivalent to the US dollar rates may be made in any negotiable currency—we merely quote in sterling and dollars because these are widely recognised currencies.

When making your renewal is the best time to check we have your correct mailing address. It helps us if it needs to be changed if you return one of our addressed envelopes or wrappers to us with the correct address written on, clearly, beside the one to be deleted.
